

## Haiti Earthquake Relief

---

**You can help Haiti now!** Working with contacts on the ground in Haiti, KLM International is leading a rapid response relief effort for the victims of the earthquake and you can be a part of helping the families affected by this devastating natural disaster!

KLM International has over a decade of experience in quickly responding to the needs of those affected by events similar to what recently occurred in Haiti. Working with contacts in the U.S. and internationally, we have ministered to the physical, emotional and spiritual needs in over 30 nations. We have also rallied support in responding to the devastation caused by the tsunami in India and the effects of Hurricane Katrina in Louisiana and Mississippi.

The people of Haiti, who live in the poorest nation in the western hemisphere, are in desperate need of assistance. We are accepting donations at our headquarters in Des Moines, in addition to financial donations that will help with the shipping and delivery costs. We are expecting the first container of goods and products to arrive on the ground in a few weeks, with additional shipments following.

If you are in the Des Moines, IA area, you can make donations at our headquarters.
